

Constellation Song

Covenant Academy
Cypress, TX

(sung to “Oh My Darlin’ ”)

A constellation is a picture of
Stars and planets in the sky.
Explain the world and tell a story—
This is called mythology.

There's Orion, he's the Hunter
Cassiopeia, Pleiades,
And Aquila is the Eagle,
Andromeda, Princess in Chains.

The lovely Lyre starring Vega,
Ursa Major, the Great Bear
Ursa Minor is the Lesser—
Also known as the Dippers.

A constellation is a picture of
Stars and planets in the sky.
Explain the world and tell a story—
This is called mythology.

Comments from **Covenant Academy**: This song is used as a skeleton for the constellation unit in science, which parallels the mythology unit in reading. The students complete the unit able to identify the constellations and the stories that accompany them.
