

The Heart

The Geneva School of Boerne

Boerne, TX

Lyrics by Jessica Gombert

(sung to “The Farmer in the Dell”)

The heart pumps the blood,
The heart pumps the blood,
All through the body
The heart pumps the blood.

The arteries carry oxygen,
The arteries carry oxygen,
All through the body
The arteries carry oxygen.

The veins carry carbon dioxide,
The veins carry carbon dioxide,
All through the body
The veins carry carbon dioxide.

God made my heart,
God made my heart,
Jesus lives inside it
And we will never part.
