

*Ten Lessons in Ten Years:  
Lessons from the Logic School*

Aaron Fudge

# My Desk:

# I

Year 1: Less is more. Stop talking.

# II

Year 2: Give them Narnia.

# III

Year 3: Trust the kids you know.  
Discipline is always contextual.

# IV

Year 4: Sincerity matters.  
They'll believe you if you believe  
you.

V

Year 5: Be willing to be wrong.

# VI

Year 6: Don't always be wrong.

# VII

Year 7: Set the tone.

They may not like you at first.

# VIII

Year 8: Ask for help.

Don't do it alone.

# IX

Year 9: Their grades are not your grades.

X

Year 10: It takes time.
