

# **AI WRITING BOTS: THE FUTURE OF** **CLASSICAL ACADEMIC PEDAGOGY**

Dr. Kyle Wilson

# Developing an AI Policy

- Prohibition Statement of AI-based Paper Writing
- Awareness and Education
- Detection and Consequences
- Educational Resources
- Staff and Teacher Awareness
- Collaboration with Parents
- Regular Monitoring and Adaptation

The advent and advancement of AI tools affords you the opportunity to engage with your students philosophically and theologically.

Considering this reality, there are 3 questions you can invite your students to consider:

1. What does it mean to be a human being?
2. What is intelligence?
3. What is the value of good, hard work?

# Discipline and Grace

- Invite Students into Honesty
- Involve Students in their Reprimand
- Initiate Students toward Restoration

# Benefits of Using AI:

## Teachers

○ Lesson Plan Editing/Creativity

○ Critical Thinking/Analysis Assignments

○ Test Editing

# Benefits of Using AI:

## Students

○ Writing Lab Partner – Counter Argument

Generator

○ At-Home Explanations

○ Language Conversation Partner

# Practices to Guard Against AI Use

- Making sure questions are “AI proof”

- Start of Year Student Writing Gauge
- In-Class Writing assignments
- Oral Exams
- Talk About it Often and Honestly

# Conclusion

- AI will force us to become more classically-oriented.
- If AI is the future, that means shallow knowledge is the future. The beauty of classical education is its historical roots.
- AI is a symptom of immediate-gratification culture. Classical, Christian education serves as a counter-culture
